

Better For **SCHOOLS & PARENTS**

- ✓ No set-up or ongoing costs
- ✓ Save time & money
- ✓ Improve cash flow
- ✓ Collect fees sooner
- ✓ Preferred by parents
- ✓ Integrates with TASS, Synergetic & others

"School EasyPay was effortless to implement."

Philip Dean, Director of Operations,
Saint Ignatius' College Riverview, NSW.

Benefits For Schools

1. Collect fees quicker & easier

- Reduce late payments & 90 days outstanding by 40%
- Reduce bad debts by 50%
- Collect fees earlier - improve cash flow by 11%
- Total impact estimated at \$140,000 p.a. (average school)
- No hassle with funds sent to school by EFT

2. Save Time

- Reduce Administration - average 2 days per month
- Automatic processing & reconciliation with software including Synergetic
- Streamline fee collection process
- Automatic retry of failed payments and SMS/Emails to schools & parents if payments fail
- Reduce failed payments by 50%
- Fewer late fees to chase

3. You're in control

- You decide which options to offer parents
- You set the business rules
- Comprehensive management reports

4. No cost options

- Pass on or absorb card or bank fees to parents
- No set up, monthly or other costs

5. No changes to your existing bank or systems

- Works with existing school software
- Funds deposited to existing bank accounts

6. Appeals to parents too!

- 72% of parents choose School EasyPay
- No credit application - use existing card or bank account

7. Proven - Low Risk

- Major schools are benefiting from School EasyPay
- 50% of parents pay automatically within one term

8. Superior Service

- Your own dedicated account manager
- Australian based support team & call centre
- Quarterly review to maximise your benefits

Benefits For Parents

- ✓ Save time and never forget to pay school fees - easy automatic payments by credit/debit card or bank account

- ✓ Easy and convenient additional payment options

- ✓ Ease the burden with option to pay fees monthly

- ✓ The rewarding way to pay school fees: By using a credit card, parents can earn credit card reward points when paying school fees.

- ✓ Boost cash flow with credit card interest free days

- ✓ No additional credit - use existing card or bank account

- ✓ Save money because unlike other major banks systems, payments not treated as cash advance

- ✓ Easy online solution and automatic payment options

3 Simple Implementation Options

1. Online Payments

- Your own school-branded, device-optimised secure online payment page
- 62% of parents prefer to pay online. They save time with the ability to pay online 24/7
- Parents pay tuition & other fees online by card
- Simply include a link / information on your parent statement and / or website

2. Set & Forget Tuition

- Tuition fees spread over weeks / months and processed automatically
- Charged to the parent's credit card, debit card or bank account
- Parents pay tuition amount or estimated total and can pay extra amounts online
- SMS / Email confirmations & auto retry of failed payments

3. Complete Solution

RECOMMENDED

- Integrated payments triggered from TASS, Synergetic, Maze & all other software. Always collect the full amount due each month / term
- SMS / Email confirmations & auto retry of failed payments
- Promote as your preferred school payment method
