CHRISTIAN COLLEGE

INCREASED EFFICIENCY | GET PAID FASTER | EASY TO USE

SCHOOL EASYPAY & TASS HAVE COMBINED TO MAKE PAYMENTS FASTER AND EASIER

About Genesis Christian College

- Genesis Christian College is a Prep-year 12 school with 1500 students and over 1000 families.
- Genesis Christian College students are supported by a strong pastoral care and personal development program, which is led by a dedicated team. They also regard the education of all students as an important partnership and provide many avenues for parents to be highly engaged with their child's schooling
- Genesis Christian College already used TASS as their school management system, and recently implemented School EasyPay.
- The main aim was to be able to collect fees quickly and make the process easy for parents to pay on time. This would provide savings in administration time and improve cash flow.

1500 Students — **1000 Families** — **87% onboard already** — **Quick and easy setup**

'School EasyPay was offered to us as part of the TASS Parent Payment Schedules solution. It was easy to implement and has enabled us to have better visibility when managing direct debits – particularly monitoring and following up failed payments and collections.'

Kate Hatch – College Accountant

What is School EasyPay?

School EasyPay is a solution designed specifically for collecting school fees. It provides significant savings in time, admin and covers all types of payments. It is easy to use and schools are able to choose and tailor options to their needs.

Genesis Christian College and School EasyPay

- "We contacted School EasyPay in early November 2019, completed a one page form and were set up straight away, well in advance of the new school year."
- The implementation process was made simple through the TASS school management system's Parent Payment Schedules module.
- TASS & School EasyPay were on hand to help every step of the way.
- The enhanced payment methods were communicated to parents through the Genesis Christian College school app and social media pages.
- Parents then simply visited the Parent Lounge to easily set up their direct debit. Parents enter their bank or card details themselves, which saved Genesis Christian College administration time and meant they didn't have to handle this sensitive data.
- Although a new payment system had been added, everything was integrated with TASS and the Parent Lounge so there were no new systems or logins required for staff or parents which made everything really easy.

Results

- 87% of families already using direct debit to pay fees.
- Significant reduction in admin time for the Genesis team in managing parent payments - chasing payments, changing payment and recording payments.
- Late payments and bad debts have have reduced significantly with more families paying by direct debit.

Benefits to parents

- Easy to use as setting up payments is just another useful feature in Parent Lounge.
- Parents can choose the direct debit frequency that suits them best and Genesis offer Quarterly, Monthly, Fortnightly or Weekly frequencies.
- Parents also have great flexibility as they can securely change their card or bank account details themselves in Parent Lounge, without having to contact the school.
