📍 Suites 5-9, 5 Rosebery Place Balmain, NSW 2041

*At Smart Central we strive to consistently deliver a quality user experience – at the end of the day, that's what makes a 'solution' truly simple.*

**For maximising efficiencies behind the scenes**

**With Smart Admin, you can:**

- Customise your online application form and automatically capture details
- Effectively manage your enquiry, waitlist and enrolment pipeline
- Simplify bookings, attendance and occupancy management
- Automate key processes such as CCS, direct debit and statements
- Log and track parent communications
- Get paid faster with integrated direct debit, credit card & Pay Now options

**Ranked #1 overall in The Sector's survey of users of childcare management systems**

**For managing your most valuable resource – your employees**

**With Smart Staff, you can:**

- Forecast resourcing needs for your service
- Model 'what if' scenarios to optimise your roster
- Stagger staff shifts to reflect attendance patterns
- Manage staff availability and unavailability
- Automatically generate individual timesheets and submit for review
- Ensure compliance with educator-to-child ratios at all times

Looking for a childcare management system that will do it all? Smart Central is a reliable, user-friendly, All-in-One solution that connects all areas of your service.

**For improving learning outcomes and empowering educators**

**With Smart Learn, you can:**

- See each child's learning journey at a glance
- Plan your program and link activities to outcomes and key learning areas
- Monitor and manage children's daily routines and report any incidents
- Capture observations and document each child's learning
- Create and send customised reports and newsletters

**For making the most out of every parent interaction**

**With Smart Connect, you can:**

- Make it easier for parents to sign children in and out of your service
- Keep parents informed via multi-channel communications
- Delight parents with real-time, downloadable photos and videos of their child
- Give parents access to their account balance and other relevant information
- Opt to allow parents to make casual bookings with just a few clicks
