PARENT PAYMENT SCHEDULES
IMPROVE EFFICIENCY AND REDUCE FINANCIAL ADMIN

Encourage parents to be more proactive in managing their accounts and cut operational effort for your school's Finance Team with Parent Payment Schedules and School EasyPay processing.

HOW DO PAYMENT SCHEDULES BENEFIT MY SCHOOL?

EFFICIENCY
With parents opting for automation, you can redirect the energy and productivity of your Finance Team.

AUTOMATION
Payment automation helps parents consistently pay on time, and pay the correct amount.

CONTROL
Only you know what works for your school, so you should decide what options to offer parents.

FOR FINANCE TEAMS

The automated system provides school Finance Teams with 'set and forget' billing runs and predictable, trackable income - streamlining your school's fee collections with automatic processing and communication.

FOR PARENTS

The automated system provides parents with an online platform and the autonomy to choose their preferred payment option, select a schedule that suits them and set up a direct debit so that they never forget a payment.

TASS
the alpha school system

WITH PARENT PAYMENT SCHEDULES, YOU CAN...

Collect fees quicker. Automated parent payments reduce late payments, reduce bad debts and improve cashflow.

Improve security. The system is PCI compliant, reducing the risks associated with storing payment details locally at your school.

Communicate better. Automate communication with personalised payment reminders, removing the hassle of drafting individual emails.

Keep your existing bank. Funds can be deposited into your existing bank accounts - no need to change.

Improve forecasting. Payment schedule automation provides predictable, trackable income - improving cashflow and financial forecasting.

A SEAMLESS WORKFLOW - FROM PLANNING TO PAYMENT

Create and configure your Payment Schedule 'Frequencies.' i.e. Weekly, Monthly etc.

Parents access Statements and set up their Payment Methods and Schedules within the Parent Portal.

Automated Communication begins and School EasyPay payment processing commences.

Payments are received and receipted directly in TASS.

Payments are tracked through the Payment Schedules Dashboard.

Future incomes are forecasted with Reporting options.
